The amendments include:

- 1) Chapter 102, Zoning, Article V, District Regulations. The proposed amendments include:
 - a) Division 1, Official Zoning Map. Amendment to the adopted official zoning map to eliminate the Industrial IV district and to establish the Route One South Business Park district that includes land that was in the Industrial IV and Residential II districts.
 - b) Division 7, Residential II district. Proposal to allow significant water intake or significant water discharge/outfall pipes in this district.
 - c) Division 18, Industrial IV district. Proposal to eliminate this district and to merge property in this district with the newly created Route One South Business Park district.
 - d) Division 19, Route One South Business Park district. Proposal to create the Route One South Business Park district. District will include area (about 38 acres) that formerly was in the Industrial IV district and about 62 acres of land that formerly was in the Residential II district. Amendments identify allowed uses (such as land based aquaculture), dimensional and lot size requirements and certain performance standards that apply to this District. The amendments include revisions initially recommended by the Planning

Board that affect Sec 102-684, b) and c) regarding front setback and bufferyard requirements for structures adjacent to Route One.

- e) Division 20, Protection Rural district. This proposed amendment was eliminated by the Council at the September 25 First Reading and is not part of the amendments that the Council will consider at the October 9 Second Reading.
