

Brownfields 2014 Cleanup Grant Fact Sheet

Congress Street Hill Property, LLC, Belfast, ME

EPA Brownfields Program

EPA's Brownfields Program empowers states, communities, and other stakeholders to work together to prevent, assess, safely clean up, and sustainably reuse brownfields. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. In 2002, the Small Business Liability Relief and Brownfields Revitalization Act was passed to help states and communities around the country cleanup and revitalize brownfields sites. Under this law, EPA provides financial assistance to eligible applicants through four competitive grant programs: assessment grants, revolving loan fund grants, cleanup grants, and job training grants. Additionally, funding support is provided to state and tribal response programs through a separate mechanism.

Cleanup Grant

\$200,000 for hazardous substances

EPA has selected the Congress Street Hill Property, LLC, for a brownfields cleanup grant. Hazardous substances grant funds will be used to clean up the Old Waldo County Jail site located at 45 Congress Street in Belfast. The site contains three buildings previously used for general storage. All three buildings have been vacant since 2011. Environmental concerns at the site include inorganic contaminants, metals, and PCBs. Grant funds also will be used to conduct community involvement activities.
